Class Descriptions

Freestyle Classes

CARDIO AND CORE

A class to get your heart and lungs pumping combined with core strengthening work to recover. No Cardio equipment off limits in this class.

HITT

A warm welcoming to the weekend with a big smash session. This hour of high paced madness will leave you with a sweat ready to take on or unwind into the weekend.

LES MILLS BODYPUMP

A fast-paced, barbell-based workout that's specifically designed to help you get lean, toned and fit. It uses a combination of motivating music, fantastic instructors and scientifically proven moves to help you achieve these targets more quickly than you would working out on your own.

HIGH PERFORMANCE SPIN

This indoor cycling class is about pushing your endurance to the next level. Ride the hills, flats and sprints over this Spin workout.

STRENGTH & CONDITIONING

Build muscle, boot energy and improve total performance. This high energy class combines resistance with functional conditioning to improve strength power and cardio fitness.

STRENGTH WITH RANGE

Focuses on improving flexibility, range of motion, and muscle length through various stretching techniques. This class incorporates active and passive stretching, sometimes with tools like foam rollers, to relieve muscle tension and improve overall mobility.

Mind + Body Classes

LES MILLS BODYBALANCE

A blend of Yoga, Tai Chi and Pilates that builds flexibility and strength while leaving you feeling centred and calm. Controlled breathing, concentration and a carefully structured series of exercises create a holistic workout, bringing harmony and balance to the mind and body.

REFORMER PILATES

Reformer Pilates is an ideal workout for anybody. It's low impact movements and customisable springs make it the perfect place to start your exercise journey or to complement and energise your existing training routine. Smaller muscle groups are also isolated, and deep core stabiliser muscles are recruited.

FUSION PILATES

Build core power, boost flexibility and tone up with dynamic moves and mindful breathwork. Props add to the challenge, and the fun of Fusion Pilates.

STEP

Step is a fun and challenging cardio class using the step platform. Choreographed step patterns are broken down for both beginner and advanced steppers.

Active Over 50s

ACTIVE ALL STARS
