

FIGURES

1.1	Location and extent of the Wyong coastline	3-4
1.2	Managing coastline change	8
1.3	Long term sea level patterns	10
1.4	Climate change impacts and drivers on the coast.....	11
1.5	Recent and predicted sea level rise	12
1.6	Adaptive management cycle	20
2.1	Land tenure – public and private	23-24
2.2	Related plans for coastline management	27
3.1	Steps in making CZMP	35
6.1	Different approaches to adaptation and risk reduction over time	67
8.1	Emergency Protection Works at North Entrance Beach (Private Property)	93-94
8.2	Emergency Protection Works for Private Property at Hargraves Beach	95
8.3	Emergency Protection Works at Cabbage Tree Harbour	96
8.4	Areas affected by immediate coastal erosion hazards (Shelly Beach)	98
8.5	Areas affected by immediate coastal erosion hazards (Toowoon and Blue Bays)	99
8.6	Areas affected by immediate coastal erosion hazards (The North Entrance)	100
8.7	Areas affected by immediate coastal erosion hazards (The North Entrance)	101
8.8	Areas affected by immediate coastal erosion hazards (Soldiers Beach).....	102
8.9	Areas affected by immediate coastal erosion hazards (Hargraves and Lakes Beach)	103
8.10	Areas affected by immediate coastal erosion hazards (North of Lakes Beach).....	104
8.11	Responsibilities during emergency events	112

9.1	2050 coastal erosion risk areas (Shelly Beach)	123
9.2	2050 coastal erosion risk areas (Toowoon Bay)	124
9.3	2050 coastal erosion risk areas (North Entrance)	125
9.4	2050 coastal erosion risk areas (North Entrance-Tuggerah Beach)	126
9.5	2050 coastal erosion hazard (Soldiers Beach)	127
9.6	2050 coastal erosion hazards (Hargraves Beach)	128
9.7	2050 coastal erosion hazards (Lakes Beach)	129
9.8	2100 coastal erosion hazards (Shelly Beach)	130
9.9	2100 coastal erosion hazards (Toowoon Bay)	131
9.10	2100 coastal erosion hazards (North Entrance)	132
9.11	2100 coastal erosion hazards (North Entrance –Tuggerah Beach)	133
9.12	2100 coastal erosion hazards (Soldiers Beach)	134
9.13	2100 coastal erosion hazards (Hargraves Beach)	135
9.14	2100 coastal erosion hazards (Lakes Beach)	136
9.15	Flow chart of time limited consents	143
9.16	Erosion hazard management (Hargraves Beach)	147
9.17	Erosion hazard management (North Entrance)	149
9.18	Erosion hazard management at North Entrance	150
9.19	Erosion management at Blue and Toowoon Bay	152
9.20	Erosion management at Blue and Toowoon Bay	153
9.21	Location of community infrastructure in relation to coastal erosion hazard	164-170
9.22	Area affected by wave runup	176
9.23	Area affected by wave runup	177
9.24	Area affected by wave runup	178

9.25	Area affected by wave runup	179
9.26	Area affected by wave runup	180
9.27	Area affected by wave runup	181
9.28	Area affected by wave runup	182
9.29	Area affected by wave runup	183
10.1	Marine sand in The Entrance channel.....	187
10.2	Current dredging footprint and sand placement locations	190
11.1	Immediate geotechnical hazards	200
11.2	Immediate geotechnical hazards	201
11.3	Immediate geotechnical hazards	202
11.4	Immediate geotechnical hazards	203
11.5	Immediate geotechnical hazards	204
11.6	Immediate geotechnical hazards	205
11.7	Immediate geotechnical hazards	206
11.8	Immediate geotechnical hazards	207
11.9	Immediate geotechnical hazards	208
11.10	Immediate geotechnical hazards	209
11.11	2050 and 2100 geotechnical hazards	210
11.12	2050 and 2100 geotechnical hazards	211
11.13	2050 and 2100 geotechnical hazards	212
11.14	2050 and 2100 geotechnical hazards	213
11.15	2050 and 2100 geotechnical hazards	214
11.16	2050 and 2100 geotechnical hazards	215
11.17	2050 and 2100 geotechnical hazards	216
11.18	2050 and 2100 geotechnical hazards	217
11.19	2050 and 2100 geotechnical hazards	218

15.1	Land tenure and coastal erosion hazard	252-258
15.2	Land area zoning	269-275
16.1	Coastal features and water levels	302
16.2	Storm history of the NSW central coast.....	303
16.3	Contributions to sea level rise and extreme water level hazards	306
16.4	Sea level rise and the Bruun rule	309
16.5	Coastal landforms and features	315
16.6	Sediment budget in a coastal sediment compartment	316
17.1	Distribution of coastal vegetation communities	342-344
17.2	Locations of EECs, protected vegetation and threatened species.....	345-347
18.1	Qualitative risk matrix, combining likelihood and consequence.....	374

PLATES

1.1	Historic storm wave erosion, Wyong Coastline	5-6
1.2	Recent storm wave erosion, Wyong coastline	7
4.1	Storm erosion reduces beach access.....	51
4.2	Inundation of coastal properties	52
9.1	Storm erosion at The Entrance Beach and Soldiers Beach Surf Club.....	121
9.2	Example of residence design suitable for relocation	144
16.1	Sandstone boulders and cobbles at base of cliff, Noraville.....	305
16.2	Incipient foredune at Hargraves Beach.....	305
16.3	Rocky coast landforms along the Wyong coastline (a)	327
16.4	Rocky coast landforms along the Wyong coastline (b).....	328

APPENDICES

These appendices are in Volume 2

- 1 Community Engagement**
- 2 Draft Coastal Emergency Management Plan**
- 3 Coastal Hazard Assessment (SMEC 2010)**
- 4 Geotechnical Hazard Assessment – Cliffs and Bluffs (SCE 2010)**
- 5 Existing Local State and National Policies and Programs**
- 6 Sustainability Assessment of Management Options**
- 7 Entrance Dynamics and Beach Condition at The Entrance and North Entrance Beaches**
