About 2020 Vision

Head On Foundation invited NSW photographers to submit images that show how they and their communities rose to the challenges of 2020. We encouraged reflection on recovery, resilience and rebuilding and hopes for the future from as many NSW regions as possible to gain a diverse view from around our state.

2020 Vision takes a poignant look back at those shared struggles, the collective resilience and the complex recovery process. We received photographs of all genres and judged the work anonymously, in line with our mission to provide a fair and equal platform for all artists to create, showcase and gain exposure for their work

46 Marine Parade, The Entrance NSW 2261

Time: 10am to 3pm daily

Opening: Monday 7 June 2021

Closing: Sunday 20 June 2021

About Head On Foundation

Head On Foundation (est. 2008) is a non-profit organisation dedicated to promoting the work of photographers at all career stages. We encourage excellence and innovation, make photography accessible to all, and raise awareness of important issues through the medium. The main activities of the Foundation are Head On Photo Festival and Head On Awards (Portrait, Landscape, and Student photographic prizes) and an annual program of collaborative projects. Head On Foundation is a bridge between Australian and international photography markets. The festival has toured in America, China, India, Europe, and New Zealand introducing the global arts community to the wealth of photographic talent Australia possesses.
