8. EXPLANATION OF APPROVAL BEING REQUESTED

Applications for the following may be made and considered concurrently:

- a) **Subdivision Works Construction Certificate.** This Certificate is issued in accordance with the *Environmental Planning and Assessment Act 1979* and must be obtained before any subdivision works required for a subdivision, within the development properties, are commenced in accordance with a current Development Consent.
- b) **Roads Authority approval for development works within a public road reserve under Section 138 of the Roads Act.** This approval is given under *Section 138 of the Roads Act 1993*. This approval must be obtained and conditions of the approval satisfied before any works within an existing road reserve are commenced. The requirement for the works covered by this approval will generally be required by development consents condition. Council will normally require the concurrence of the Roads and Maritime Services (RMS) before giving an approval for works within classified road reserves.
- c) **Approval Storm water drainage connections and works under Section 68 of the Local Government Act.** The requirement for this type of approval will be contained in the Development Consent. This approval may also be required for the purposes of obtaining a complying development certificate.
- d) **Amendment of Approvals.** An application may be lodged seeking a new Subdivision Works Construction Certificate or approvals to those already issued. An application for amendment of approval is required if the nature or extent of works is proposed to be varied. The proposed variations to the works may also require an amendment of the Development Consent applying to the development.

Advice to the applicant

- a) All property owners must give consent to the making of this application. Written statements from owners containing property details and referencing the Development Consent number/s will be accepted.
- b) The application must include all information necessary to allow assessment by Council.
- c) Evidence of payment of the appropriate Long Service Levy Payment must be provided to Council prior to the issuing of any Certificate or approval, if applicable.
- d) The determination of this application will be communicated only with the applicant. The applicant may provide written authority to Council for another party to collect or receive the certificate and/or approval.

Fees

- a) Fees for applications will be invoiced to the applicant following submission of the application and accompanying documentation.
- b) Fees invoiced will be in accordance with Council's current Fees and Charges contained in Council's Operational Plan.
- c) Fee must be paid in full prior to the commencement of the application assessment.
- d) Fees will include components for construction compliance inspections and assessment unless Council has been notified that a Private Certifier will be used for these activities.
- e) Fees for Council as the Principal Certifier will be included when the application is for a Subdivision Works Construction Certificate. Quotations for fees will only be provided for items that may be contestable. These items include Subdivision Works Construction Certificates and Construction Compliance inspections for subdivision works.
