## 7. DOCUMENTATION & ATTACHMENTS

List all appropriate design drawings, specifications and reports that accompany this application.

**The following quantities and format of documentation must be provided:**

1. One (1) A1 and two (2) A3 paper copies of the set of engineering plans for all works.
2. One (1) hard copy of design reports and other reports required to support the works approval assessment.
3. A memory stick containing all documentation in PDF format.

**List of Documentation provided:** *(attach a separate list if there is insufficient room here to list all)*

## 8. EXPLANATION OF APPROVAL BEING REQUESTED

Applications for the following may be made and considered concurrently:

- Water Authority approval for Water Supply and Sewage Works.** This approval is given under the *Water Management Act 2000*. This approval addresses works for the servicing of a development with water supply and sewer infrastructure and any adjustment of existing water supply and sewer mains. Approval must be obtained before any water supply or sewer mains works are commenced. The requirement for these works will be conditioned in the *Water Management Act Section 306* letter issued by Council following application under *Section 305 of the Water Management Act*. The works may be within and/or external to the development site.
- Amendment of Approvals.** An application may be lodged seeking amendment to approvals to those already issued. An application for amendment of approval is required if the nature or extent of works is proposed to be varied. The proposed variations to the works may also require an amendment of the Development Consent applying to the development.

**Advice to the applicant**

- a) All property owners must give consent to the making of this application. Written statements from owners containing property details and referencing the Development Consent number/s will be accepted.
- b) The application must include all information necessary to allow assessment by Council.
- c) Evidence of payment of the appropriate Long Service Levy Payment must be provided to Council prior to the issuing of any approval, if applicable.
- d) The determination of this application will be communicated only with the applicant. The applicant may provide written authority to Council for another party to collect or receive the certificate and/or approval.

**Fees**

- a) Fees for applications will be invoiced to the applicant following submission of the application and accompanying documentation.
- b) Fees invoiced will be in accordance with Council's current Fees and Charges contained in Council's Operational Plan. Fees charged are in accordance with IPart determination.
- c) Fee must be paid in full prior to the commencement of the application assessment.
- d) Fees will include components for construction compliance inspections and assessment.
