

Working Together Staying Strong Funding Support Program

1 WHAT IS THE COVID 19 – Working Together Staying Strong Funding Support Program

This program has been developed in response to the increased local demand on critical support services due to the COVID-19 situation. Funding is being redirected from programmes that can't be undertaken due to COVID-19 restrictions.

The Central Coast Region has already seen increased unemployment, social isolation, financial pressure, domestic violence, rough sleeping and risk of people becoming homeless since the pandemic began. Service providers need practical assistance now to support the increased number of people in need, and to do it in a safe way.

It is a time-limited, rapid response funding program for service providers who are currently facing increased demand and/or operational difficulties supporting vulnerable and at-risk Central Coast community members.

This grants program is a practical way of supporting and strengthening our front-line service providers to support our community members who are worst hit by this crisis.

2 AVAILABLE FUNDING

Total funding available – up to \$300,000.

- Applications can be made for funding of between \$1,000 to \$10,000.

3 KEY DATES

The program will open 1 May 2020 and close 30 September 2020 or prior if all funds have been expended.

4 ASSESSMENT

Applications will be assessed as they are received. Successful applicants will be notified within two weeks of submitting their application.

Applications will be assessed by specialist Council staff, with recommendations provided by Council's Community Partnerships Unit Manager for approval by the Director Connected Communities. A monthly Council information report will be produced providing a program update and details on funded applicants.

This approach is consistent with other Council's Community Grants programs.

5 EXPECTED PROGRAM OUTCOME

Through access to timely funding assistance, this grants program will enable direct service providers to provide support to the increased number of vulnerable and emerging at-risk communities during the COVID-19 pandemic.

Grants will also allow service providers to adjust their delivery methodologies so they can still support their clients while complying with social distancing requirements.

6 TYPES OF ACTIVITIES / PROJECTS SUPPORTED

This program is designed to assist service providers who are supporting vulnerable people.

Projects that directly support physical health and mental well-being, social connection and safety of vulnerable and at-risk groups will be considered.

For example, this could include things like:

- Food hamper preparation and delivery
- Swags for rough sleepers
- Mental health support
- Counselling services
- Organisational volunteer support
- Helping people get around (e.g. transport support)
- Small equipment purchases (e.g. to facilitate education, telehealth etc.)
