2. Water Usage Charges

In addition to the water supply service charge, all potable water consumed was charged at \$2.26 per kilolitre for 2015-16 and \$2.29 per kilolitre for 2016-17.

3. Water supplied to Hunter Water Corporation

Water supplied to the Hunter Water Corporation was charged at \$0.65 per kilolitre for 2015-16 and \$0.66 per kilolitre for 2016-17.

4. Sewerage Supply Service Charges

Council levied this charge to cover the cost of supplying sewerage services on all properties for which there was a sewerage service either connected or available.

Non-residential properties was levied a sewerage service charge based on meter size and a sewerage usage charge. Where the sum of these charges is less than the non-residential minimum sewerage charge, the non-residential minimum was charged instead.

A discharge factor (DF) in accordance with Council's Trade Waste Policy was applied to the charge based on the volume of water discharged into Council's sewerage system.

The sewerage supply service charges levied for 2015-16 and 2016-17 were as follows:

Meter Type / Size	2015-16 Maximum charge \$	2016-17 Maximum charge \$

5. Sewerage Usage Charges

There were no sewer usage charges paid by residential properties.

For non-residential properties, a discharge factor based on the type of premises was applied to the assessed volume of water purchased from Council to determine the volume discharged to the sewerage system.

Sewage discharged into the sewerage network was charged at \$0.83 per kilolitre for both 2015-16 and 2016-17.

6. Drainage Service Charges

This charge was levied by Council for the provision of drainage services, and covers the cost of maintaining the former Wyong Shire Council Local Government Area drainage network.

The drainage service charges levied for 2015-16 and 2016-17 were as follows:

Central Coast Stadium

The stadium boasts picturesque views over Brisbane Water and its surrounds - making it an ideal venue to host a wide variety of events.

The image shows the interior of The Art House, a modern performing arts space. The ceiling is a striking feature, composed of numerous parallel red slats that create a dynamic, textured pattern. Below the ceiling, a glass display case is visible, containing various items including posters and books. The lighting is warm and focused, highlighting the architectural details and the contents of the display case. In the foreground, a person is walking, their figure slightly blurred, adding a sense of movement to the scene. The overall atmosphere is one of contemporary design and artistic presentation.

The Art House

The Art House officially opened in May 2016 and provides a state-of-the-art professional performing arts' space for the community, as well as bringing national and international touring productions to the Central Coast. The Art House is a 500 seat theatre and 130 retractable seat studio with exhibition foyer, meeting room, shop and bar. The Art House is owned by Central Coast Council and managed by an independent not-for-profit entity with an independent board of directors.
