BOARD/COMMITTEE/PANEL MEETING REPORTS

**6.1 Minutes - Central Coast Regional Organisation of Councils - 17
June 2009**

Attachment 1: Minutes - Central Coast Regional Organisation of
Councils..... 4

Central Coast Regional Organisation of Councils

TITLE MINUTES OF CENTRAL COAST REGIONAL ORGANISATION OF COUNCILS MEETING HELD 17 JUNE 2009

Directorate: General Manager
Business Unit: General Manager

MEETING NUMBER

Meeting No RO/09/01 commenced at 9.00 am.

ATTENDANCE

Present: Chris Holstein, Mayor, Gosford City Council (Chair)
 Jim Macfadyen, Councillor, Gosford City Council
 Bob Graham, Mayor, Wyong Shire Council
 Lynne Webster, Councillor, Wyong Shire Council
 John McNamara, Councillor, Wyong Shire Council
 Kerry Yates, General Manager, Wyong Shire Council
 Peter Wilson, Gosford City Council

Guests: Glen Weymer, Roads and Traffic Authority
 Leonie Baldwin, Central Coast Premiers Office
 Steven Green, Gosford City Council

Apologies: Laurie Maher, Councillor, Gosford City Council

COMMITTEE CHANGES

Nil

DECLARATION OF PECUNIARY INTEREST

The Chairperson invited Committee members to declare any pecuniary interest they might have, in accordance with Section 451 of the Local Government Amendment Act 2000, in respect to the agenda for this meeting.

No declarations were received.

DECLARATION OF NON-PECUNIARY INTEREST

The Chairperson invited Committee members to declare any non-pecuniary interest they might have, in accordance with Section 440 of the Local Government Act 1993 and Council's Code of Conduct, in respect to the business of this meeting.

No declarations were received.

Central Coast Regional Organisation of Councils

CONFIRMATION OF PREVIOUS MINUTES

THE COMMITTEE RESOLVES (Yates/Wilson) that the minutes from meeting RO/08/02 on 18 June 2008 be confirmed

AGENDA ITEMS

RO.001 ELECTION OF CHAIRPERSON

THE COMMITTEE RESOLVES (Graham/Yates) that Mayor Chris Holstein be elected Chairperson for 2009/10.

RO.002 CCROC SPONSORSHIP PRESENTATION

- Sponsorship cheque in the amount of \$5,000 was presented to Ron Smith representing Central Coast Journey of Dreams Art Group to compete in the 'Journey of Dreams' Art Exhibition in Singapore 17 October - 17 December 2009
- Sponsorship cheque in the amount of \$1,000 was presented to Robert McIntyre to compete in the Junior World Wildwater Championships in Switzerland 15-18 July 2009
- Sponsorship cheque in the amount of \$1,000 was presented to Alex McIntyre to compete in the Junior World Wildwater Championships in Switzerland 15-18 July 2009
- Sponsorship cheque in the amount of \$500 was presented to Chloe Costelloe to compete in the 2009 Optus 14s Winter Nationals in Brisbane 28 June-3 July 2009
- Sponsorship cheque in the amount of \$1,000 was presented to Vanessa Biviano to compete in the 2009 Capetown U18 International Hockey in Capetown July 2009

RO.003 CENTRAL COAST ROAD AND TRANSPORT ISSUES - RTA SESSION

Mr Glenn Weymer, Central Coast RTA Office attended the special RTA session which is held at each CCROC meeting to discuss road and transport issues on the Central Coast.

A copy of the RTA update is attached to the Minutes.

A copy of the details of the NSW Budget relating to road infrastructure is also attached to the Minutes.

THE COMMITTEE RESOLVES (Graham/McNamara) that:

- A The information be noted.
- B Information on the costs and times of construction of the Pacific Highway, Tuggerah to Wyong be provided by the RTA to Wyong Shire Council.
- C RailCorp be invited to the next CCROC meeting to discuss issues of future developments that impact on the Central Coast, especially the road network and road upgrades. Leonie Baldwin to arrange in consultation with Glenn Weymer.

Central Coast Regional Organisation of Councils

D An update be provided on the F3 to M2 link by Glenn Weymer.

RO.004 REGIONAL PERSPECTIVE

Ms Leonie Baldwin, Central Coast Premier's Office Coordinator provided an update on State Government regional issues.

A copy of the update is attached to the Minutes.

A copy of the 2007 Storm Disaster Recovery Program update is also attached to the Minutes.

THE COMMITTEE RESOLVES (Macfadyen/McNamara) that the information be noted.

RO.005 10,000 FRIENDS OF GREATER SYDNEY - CCROC MEMBERSHIP

Mr Steven Green attended and presented a report on this item.

A copy of the report is attached to the Minutes.

A copy of the "Towards a Sustainable NSW Central Coast Region" is attached to the Minutes

THE COMMITTEE RESOLVES (Graham/Macfadyen) that:

- A CCROC renew its membership for \$5,000 for the 2008/09 year which is to be shared equally between both Councils.
- B A report be presented to the next CCROC on the trends on the Central Coast in mode of transport to work, including comparisons with Sydney.

RO.006 2009 MASTER BUILDERS EXCELLENCE IN BUILDING AWARDS

At its meeting on 19th March 2008, the CCROC Committee agreed to sponsor the Master Builders Awards for 2008. Sponsorship request has been received for 2009 in the amount of \$6,000 as per previous years.

THE COMMITTEE RECOMMENDS (Macfadyen/Holstein) that sponsorship of \$6,000 be provided for the Master Builders Awards for 2009 with the cost to be shared by Gosford and Wyong Councils.

RO.007 CCROC SPONSORSHIP PROGRAM

Financial update attached to minutes.

THE COMMITTEE RESOLVES (Graham/McNamara) that the information be provided to all Councillors.

Central Coast Regional Organisation of Councils

GENERAL BUSINESS

RO.008 FUTURE OF CCROC

THE COMMITTEE RESOLVES (Macfadyen/Graham) that this item be placed on the next CCROC agenda.

RO.009 NOMINATIONS FOR STATE SURF LIFE SAVING TITLES FOR THREE (3) YEARS

THE COMMITTEE RESOLVES (Graham/Macfadyen) that a copy of the Wyong Shire Council's resolution be forwarded to Gosford City Council for consideration.

Action by the Committee

RO.003 Central Roads Road and Transport Issues

- C RailCorp be invited to the next CCROC meeting to discuss issues of future developments that impact on the Central Coast, especially the road network and road upgrades. Leonie Baldwin to arrange in consultation with Glenn Weymer

RO.005 10,000 Friends of Greater Sydney - CCROC Membership

- A CCROC renew its membership for \$5,000 for the 2008/09 year which is to be shared equally between both Councils
- B A report be presented to the next CCROC on the trends on the Central Coast in mode of transport to work, including comparisons with Sydney

RO.007 CCROC Sponsorship Program

The Committee resolves that the information be provided to all Councillors

RO.0008 Future of CCROC

The Committee resolves that this item be placed on the next CCROC agenda

- Attachments:**
- A RTA update & NSW Budget re road infrastructure
 - B Department of Premier and Cabinet - Central Coast update
 - C 10,000 Friends of Greater Sydney update
 - D Towards a Sustainable NSW Central Coast Region
 - E CCROC Sponsorship Program financial update

NEXT MEETING

Date: Wednesday 16 September 2009

Time: 9.00 am

Central Coast Regional Organisation of Councils

Venue: Wyong Shire Council

CLOSE OF BUSINESS

The meeting closed at 11.15 am

RECOMMENDATION

A The Minutes of the Central Coast Regional Organisation of Council meeting held on 17 June 2009 be received and noted.

B RO.006 2009 MASTER BUILDERS EXCELLENCE IN BUILDING AWARDS

Sponsorship of \$6,000 be provided for the Master Builders Awards for 2009 with the cost to be shared by Gosford and Wyong Councils.

Central Coast Regional Organisation of Councils

ATTACHMENT A

CCROC AT GOSFORD CITY COUNCIL – 17 JUNE 2009 CENTRAL COAST ROADS – RTA UPDATE

Gosford

- Central Coast Highway, Brisbane Water Drive, Manns Rd – At Phase 2 in a four phase process. The preferred main intersection configuration is the ground level four way intersection. Access options were tabled with the community this week. A briefing to Councillors on the 15 access options is planned for Tuesday 7 July (TBC).
- Central Coast Highway Erina Heights.
Stage 1 Carlton Road to Matcham Road – Cornell Wagner developing. Design finalised. Early works by Hunter Road Services between Serpentine Rd and Matcham Road to start in July 2009. Main roadworks by major contract, is expected to start late this year, with critical property purchases a high priority.
Stage 2 Matcham Road to Ocean View Drive – Parsons Brinkerhoff developing, where property purchases are being made where the opportunity arises.
- Central Coast Highway – Woy Woy Rd / Currunga Rd upgrade – ARUP developing. Displayed late 2008 and a modified design allowing right turn out of Currunga Rd is developing. Dept of Education involved with pedestrian access solution.
- Central Coast Highway – Dane Dr/Masons Pd upgrade – Hunter Road Services. Completed. Landscaping maintenance for two years being fully funded by RTA, with service by GCC.
- Avoca Drive – Sun Valley Rd to Bayside Drive – GCC undertaking early works on the connecting road between Koolang and Lakewood. Main roadworks tenders currently being assessed. Several property purchases yet to be achieved along the widened service road between Koolang and Bayside Drive.
- Pacific Highway, Lisarow to Narara – Hyder Consulting developing. This is a corridor investigation which takes through options assessment, environmental study and ultimately concept design. The preferred route is first to be discussed and identified with the community.

Wyang

- Pacific Highway Wyong Township – Following the display last year, RTA has undertaken further design work on the Wyong Business Chamber's option of tunneling through traffic past the township. RTA has gone over the plans with senior Council staff and received technical input, and made further changes to the "widening" option, particularly to improve Rose Street access.
- Sparks Road, E3 to Pacific Highway – early concept layout design for ultimate four/six lanes developed in association with Wyong Council staff. No funding for delivery at this stage. Have been discussing the extent of treatment with Albert Warner Drive, and a meeting at WSC is being held on 18 June 2009 regarding the Warnervale development.

 Central Coast Regional Organisation of Councils

- Central Coast Highway, Long Jetty / The Entrance – RTA has asked WSC staff for a briefing of the outcomes/findings of Council's planning work, to reveal the impact on the road network. Road widening planning is to be considered by RTA. The Central Coast Highway serves as an important access road, but is not a strategically critical section of state road, and is less critical than many other sections of road requiring upgrade on the Central Coast.
- Pacific Highway, Tuggerah Straight –
 Stage 1 – Anzac Rd to Mildon Rd – Complete and handover underway
 Stage 2 – Mildon Rd to Johnson Rd – Nace Civil – Staged opening in July/August of a length extending about 0.5km north from Mildon Rd. Target project completion end 2009.
- Pacific Highway Ourimbah
 Stage 2 – Glen Rd to Burns Rd – Hunter Road Services (won by open tender). Traffic switch between Glen Rd and Charles St to new northbound carriageway on Tuesday 16 June. Work continuing on south bound carriageway between Dog Trap Gully and Burns Road. Approval given to the link road between Burns Rd & the Pacific Highway. Work scheduled for completion first oct 2010.

Wyong & Gosford

- Pacific Highway Ourimbah
 Stage 3 – Railway Rd to Glen Rd – Hyper Consulting developing. Second community session 29 June 2009, tabling results of the design work to date based on community comments gathered from the session in April 2009.
- F3 Incident Management System – Infrastructure involves crossovers, Variable Message Signs, cameras, emergency traffic signals, emergency storage sheds and trailers infrastructure being delivered is more than initially identified, and this is due to be completed by Dec 2009.
- Reclassification Review – handover process to be followed.

Wyong – Pacific Highway from Ourimbah to Tuggerah (6.5km) – change from State to Local

Gosford – Memorial Ave, Maitland Bay Dr, Daney Ave & Empire Bay Dr (11.8km)
 Scenic Dr and Charles Kay Dr (3.9km)
 – change from Regional to State

Gosford – Weils St / Barralong Rd (3.9km)
 "Beach Suburbs" Route (1.1km)
 – change from Local to Regional

Gosford – Marrs St (Pemel St to Etna St) (1.4km)
 – change from State to Regional

- State Budget 2009/10 – released 16 June.

PROJECT DESCRIPTION	LOCATION	START	COMPLETE	ESTIMATED TOTAL COST \$000	EST. EXPEND TO 30-06-09 \$000	ALLOCATION 2009-10 \$000

Memo

To PETER WILSON - SECRETARY OF CCROC

From STEVEN GREEN - ADVISOR TRANSPORT AND INFRASTRUCTURE
INTEGRATED PLANNING

Date 16 June 2009

Internal Reference

Subject CCROC'S MEMBERSHIP 10000 FRIENDS OF GREATER SYDNEY

A Renewal Member Invoice 2008/09 for \$5000 (GST free) from 10,000 Friends of Greater Sydney (FROGS) is due to be paid which is normally shared equally between both Councils.

Background

Transport Systems within NSW are largely the responsibility of the State Government. In 2006, the State Government released the State Plan - A Direction for NSW, which underpins the Sydney Metropolitan Strategy and the Central Coast Regional Strategy. All of these documents identified the need to improve transport links both regionally and within the Greater Sydney Metropolitan area.

Councils have been proactive in the investigation of innovative transport solutions and ideas and the ongoing promotion of those solutions/ideas to the State (and Federal) Governments.

To help promote awareness of transport alternatives, CCROC has been a member of FROGS, which in consultation with the community champions transport initiatives for the whole Greater Sydney metropolitan region.

A dedicated FROGS website has been created, www.10000friends.org.au, that contains many valuable resources and is one of our most valuable ways of getting Council's views to the State Government and the community. A Regional Strategy that relates to the Central Coast is a brochure produced in conjunction with the NSW Business Chamber Central Coast- Towards a Sustainable NSW Central Coast Region. Some of the interesting statistics in the brochure are the 2006 Central Coast **Mode of Transport to Work**

Car as driver	72,400	74.2%
Car as passenger	7,500	7.7%
Train	9,100	9.3%
Bus	1,500	1.5%
Other	7,000	7.3%

and the **Change in Car Ownership** on the Central Coast 2001 - 2006.

From 2001 to 2006 the number of 2 car households had increased by 11% while 3 cars or more households had increased by a staggering 26%

There is now ongoing monitoring of the Towards a Sustainable NSW Central Coast Region with a Six Month Report Card being produced (by the NSW Business Chamber).

Central Coast Regional Organisation of Councils

Page 2

Another FROGS submission titled the Sydney - Hunter Transport Connection supports a *High Speed Rail Link* between Newcastle and Sydney and passing through the Central Coast, and alternative road links to the Sydney Region. The submission included the need to provide an alternative western link between the M7 and the F3 to reduce the growing congestion on the F3.

Further, the Sydney Integrated Transport Strategy (Release of SITS 2) highlighted the following issues as raised at a Central Coast Transport Forum:

- Slow rail connections to Sydney (Identified in Sydney-Hunter Transport Connection submission);
- Only one road link; an alternative is required (Identified in Sydney-Hunter Transport Connection submission);
- Limited local transport;
- Need community involvement in developing acceptable transport solutions.

Invoice Renewal Member Invoice 2008/09 for \$5000 (GST free) has been received which is normally shared equally between both Councils. The continuance of the FROGS organisation provides valuable underpinning of the above Strategies and actions.

Recommendation

CCROC renew its membership for \$5000 for the 2008/09 year which is to be shared equally between both Councils.

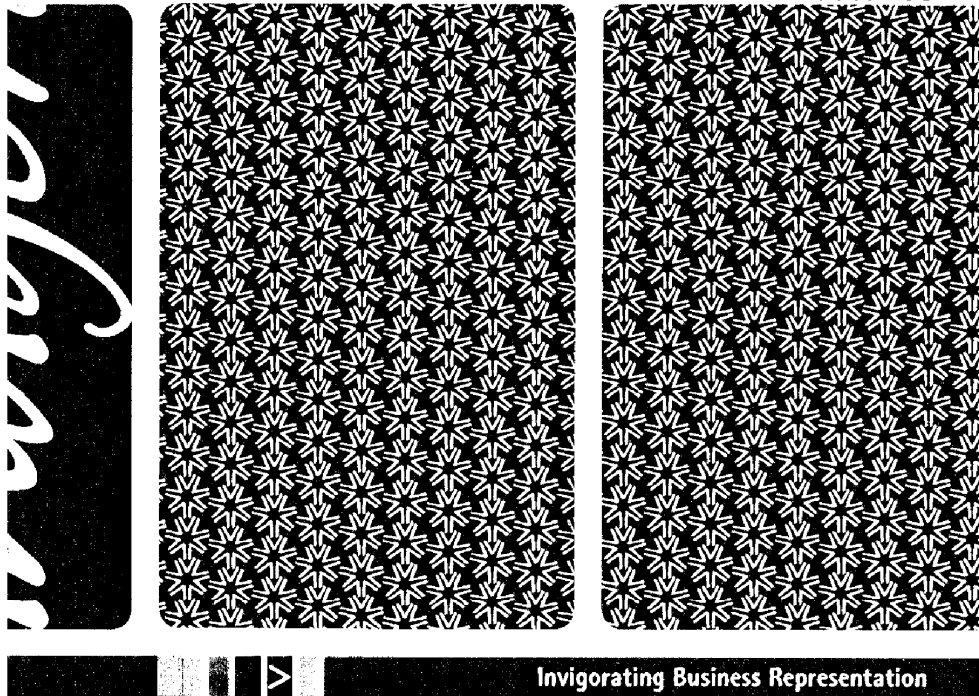

Steven Green

Central Coast Regional Organisation of Councils

Towards a Sustainable NSW Central Coast Region

Six Month Report Card:
Immediate and Within Five Year Milestones

Call > 13 26 96

nswbusinesschamber.com.au

Central Coast Regional Organisation of Councils

Strategy A. Integrated Land Use and Transport Planning

Action:	Outcome:
Call for Regional Strategic Plan	NSW Government releases Central Coast Regional Strategy.
Call for cross agency regional taskforce to implement Strategic Plan	Government promises to investigate cross agency regional taskforce with community involvement within six months. Department of Planning preparing the Central Coast Structure Plan. Not aware of a group being set up.
Continue to encourage mixed use development in centres to reduce traffic demand	Government and regional strategy continue to promote mixed use developments to reduce traffic congestion.
Provide express bus service links between the centres	NSW Government acknowledges merit of introducing mini-buses operating on a centralised booking system in the Central Coast. Waiting on release of draft bus servicing timetable. Not likely to be til 2010.
Provide support for car park and drop off facilities to car pool at F3 interchange	Crossover and widening projects proceeding on F3, but no announced projects to reduce traffic levels by encouraging car pooling. Other than the RTA considering a car pooling carpark at Curimbah, no other projects being considered.

Strategy B. Foster Economic Growth in the Region

Action:	Outcome:
Support new initiatives to examine opportunities to encourage economic growth in the Region	NSW Government Central Coast Regional Strategy encourages development of diverse economy through land releases, regeneration of 'brownfield' sites, efficient zoning processes and more coordination between agencies, council and industry.
Develop Warnervale Town Centre and the Wyong Employment Centre	NSW Government is working with Wyong Council to advance the Centre.
Grow and enhance Gosford Health precinct	Infrastructure Strategy plans for upgrade of Gosford Hospital car park, main access and Mandala Mental Health.

Strategy C. Reverse the Growth of Car Travel with Improved Public Transport

Action:	Outcome:
Have Regional Strategy Taskforce examine opportunities with the community to enhance public transport in region.	Regional Strategy Taskforce yet to be formed. NSW Government promises investigate of Taskforce within six months. Central Coast Regional Strategy encourages community consultation on public transport development.
Introduce transit lanes on all dual arterial roads for buses, taxis and cars with 2 or more persons for peak business hours and extend use to heavy vehicles outside period periods.	Transit lanes yet to be introduced on any arterial roads in Central Coast. However, State and Local Government are to implement strategic bus corridors with improved bus priority on all corridors.

Central Coast Regional Organisation of Councils

Upgrade intersections on Wyong Rd at Tumbi Rd, Tumbi Creek Rd, Enterpriser Dr, Pacific Highway and F3

Funding committed for development of design for Wyong Road/Pacific Highway intersection

Strategy F. Improve Inter-Regional Connectivity

Action:	Outcome:
Investigate new east-west links from F3 to Region at Alison Rd, Wyong and Bushells Rd, Wyee	 NSW Government Central Coast Regional Strategy does not identify any new roads links outside of existing road Infrastructure.
Replace car ferries and provide new bridge over Hawkesbury River linked to existing roads to provide alternative emergency route to the F3 between Region and Sydney	 No investigation yet undertaken of road link across Hawkesbury River as an alternative emergency route to Sydney. NSW Government investing \$28 million in crossover points on F3 for emergency use during accident blockages.

Central Coast Regional Organisation of Councils

Introduce car parking charges at centres to fund a "Green Fund" to enhance public transport improvements

"Green Fund" yet to be established to provide funds to enhance public transport.

Strategy D. Encourage Active Transport

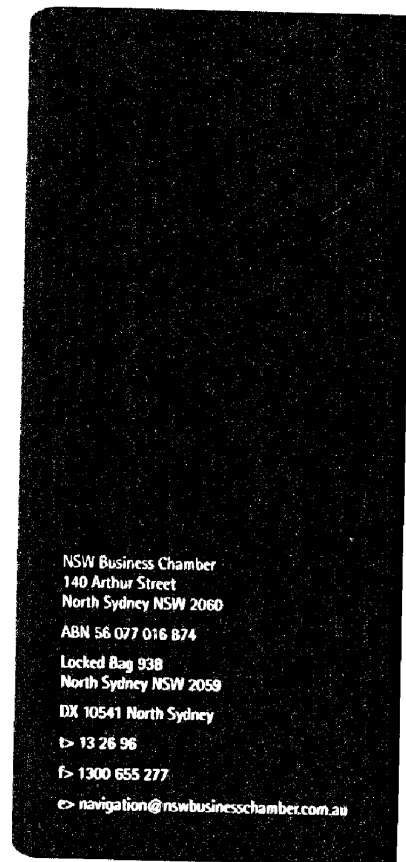

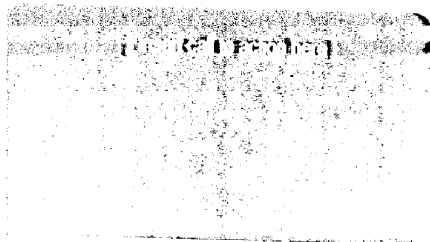

Action:	Outcome:
Continue to build walkway and cycleways to link centres.	Gosford Council has two cycleways under construction, along the foreshore reserve from Woy Woy Boat Ramp to Blackwall Boat Ramp and Davistown to Kincumber. Wyong Council is updating its Cycleway Plan, continuing construction of shared cycleways at Buff Point, Blue Haven and along Wilfred Barrett Drive, and has commenced construction along the Mannering Park foreshore.

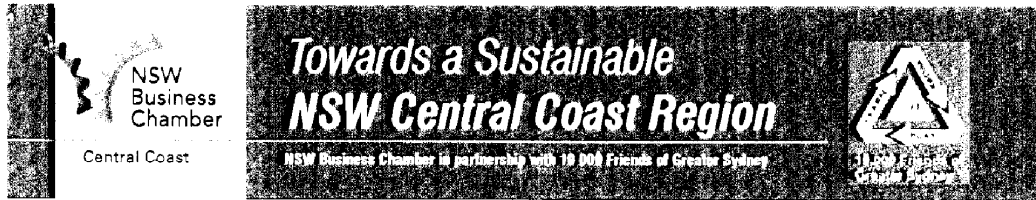

Strategy E. Improve Intra-Regional Connectivity

Action:	Outcome:
Review the road classification system to ensure each level of government has appropriate funding responsibility.	Road classification system still unclear between government levels resulting in road erosion and collapses
Upgrade arterial roads in Ourimbah, Narara, Erina Heights, Tuggerah, Wyong, Woongarah and Wannervale townships	Stage 1 of Tuggerah and Ourimbah completed. Stage 2 Tuggerah and Ourimbah commenced. RTA preferred option for Highway through Wyong is being discussed between RTA and Council exhibited for comment.
Upgrade Manns Road from West Gosford to Narara	
Build link road between Watanobbi and Wannervale west of the railway line	Discussions being held between Council and DOP relating to contributions. Council soon to call tenders for Stage 1 (northern end).
Upgrade intersections on Central Coast Highway at F3, West Gosford and Long Jetty	Upgrade of Central Coast Highway continuing by RTA. Some projects completed and others under development. Little action from RTA on development of concept plans through Long Jetty.
Upgrade Pacific Highway/Railway Crescent and Terrigal Drive/Charles Kay Drive intersections	

Central Coast Regional Organisation of Councils

Central Coast Regional Organisation of Councils

Deliverables

- Recognised Central Coast Region
- Support for sustainable local economic development
- Improved amenity and liveability
- Improved access within the region
- Highly developed connectivity

The Central Coast Region with Gosford, Wambervale, Ettalong, Umina, Woy Woy, Terrigal, Enna, Wyong, Bateau Bay, Tuggerah, The Entrance, Toukley and Wyee, are like a string of pearls draping the escarpment with bays below edged by the blue of the Pacific Ocean.

The NSW Central Coast, close to Sydney to the south and Newcastle to the north is regarded as a dormitory, commuter suburb of Sydney, providing alternate beach and bush lifestyle. The reality is a growing, vibrant region supported by local development in a rich natural and cultural environment.

The future envisaged for the region builds on its:

- locational advantages (close to Sydney and Newcastle and ready access to F3);
- established economic structure (tourism, education, health, retail, logistic, wholesale and light manufacturing);
- population resources (high natural population growth and immigration from Sydney);
- abundant natural environment (an ecologically sustainable tourism industry).

VISION

The vision for 2050 is a recognised Central Coast Region that utilises the natural topography with a zonal approach delivering a:

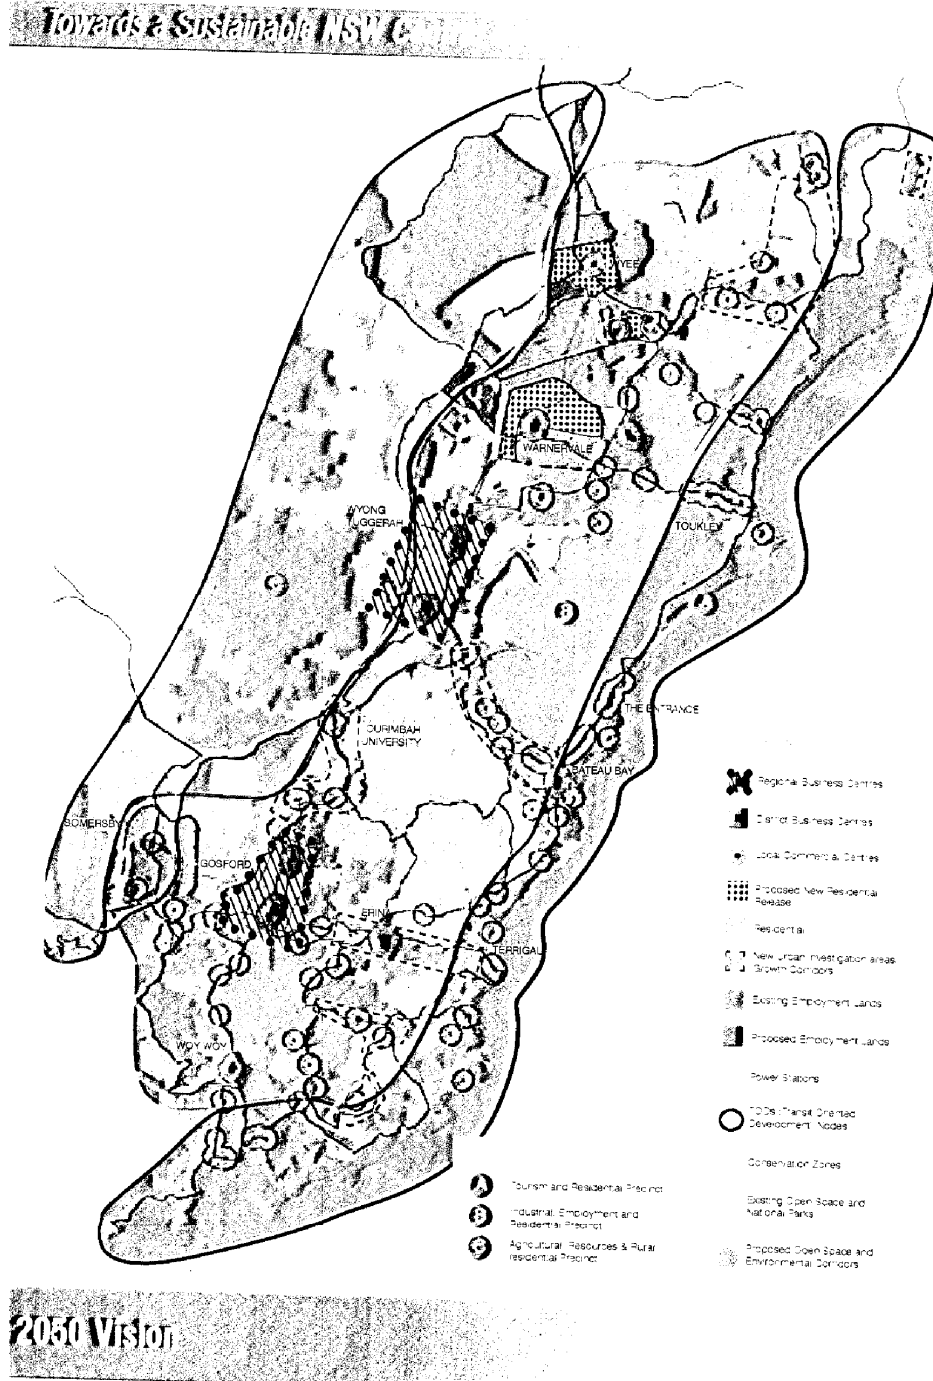

- Coastal tourism/residential zone
- Central commercial/residential zone and
- Western agricultural/residential zone,

with centres along transport corridors linked as strings of pearls.

The strategy recognises the importance of the connections to Sydney and Newcastle as both provide employment for families and consumer markets for industry. The strategy also grows jobs within the Region to attract businesses and reduce the demand for commuting outside the Region. The potential golden string of pearls of knowledge centres from Wambervale through the University and Gosford training Hospital supports growth, leverages the need for very fast rail development, and provides a global focus for the Region.

<p>Key Principles</p> <p>Sustainable development has been a driver so that the amenity of the community is preserved for future generations. The key principles underpinning the plan are:</p> <ul style="list-style-type: none"> • Maximise the use of existing infrastructure • Restore distinctive, attractive communities, in or along transport corridors with a strong sense of place • Provide a variety of transport choices 	<ul style="list-style-type: none"> • Strengthening existing local communities to provide housing, jobs and other services • Providing more certainty in development decisions • Mixed land uses • Preserving local style, agricultural land, natural beauty and critical environmental areas • Creating a range of housing opportunities and choices • Creating walkable neighbourhoods • Encouraging community and stakeholder collaboration
--	--

Central Coast Regional Organisation of Councils

Central Coast Regional Organisation of Councils

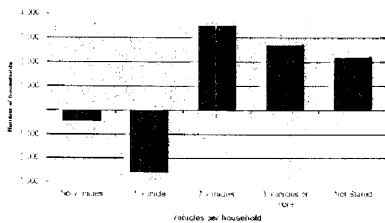

Central Coast Mode of Transport to Work

The number of workers from the Region traveling to work by:

Car as driver	72,400	74.2%
Car as passenger	7,500	7.7%
Train	9,100	9.3%
Bus	1,500	1.5%
Other	7,000	7.3%

Of these work trips, some 64% were destined to jobs within the region while 36% were destined to jobs outside the region.

Change in Car Ownership Central Coast 2001 - 2006

Did you know?

From 2001 to 2006 the number of 2 car households has increased by 11% while 3 cars or more increased by a staggering 26%.

Car ownership has out grown population growth on the Central Coast for the 10 year period prior to 2006.

The NSW Central Coast Region

Issues

The NSW Central Coast community with a population similar to Canberra is currently constrained by:

Ineffective Public transport: access to work, education, health facilities and retail areas is difficult. Local buses services are caught up in congestion lengthening travel times. more frequent and better coverage of services are required.

Constrained Regional Road Network: roads are congested; peak journeys are impacted driving up freight costs and pollution. The network needs review, a number of missing road links off the F3 are required and existing need upgrading.

Inadequate Fast Access to the Sydney and Newcastle CBD's: journeys to work, freight movement and other travel is constrained with travel times longer than a generation ago.

Lack of integration between land use and transport reduces the effectiveness of development in the region. Between transport modes and supporting infrastructure lack of adequate parking to support public transport journeys and improved bus services to the train station.

Inadequate Funding: development is constrained by a lack of infrastructure in all areas. Funding already allocated for infrastructure could be better used.

Lack of leadership and co-ordination by key government agencies: there is a failure to understand regional community needs.

Towards a Sustainable NSW

Strategies and Action Plan

The strategies and action plan have been based on a continuation of the existing flow of funds to the Central Coast Region of \$200 million per annum

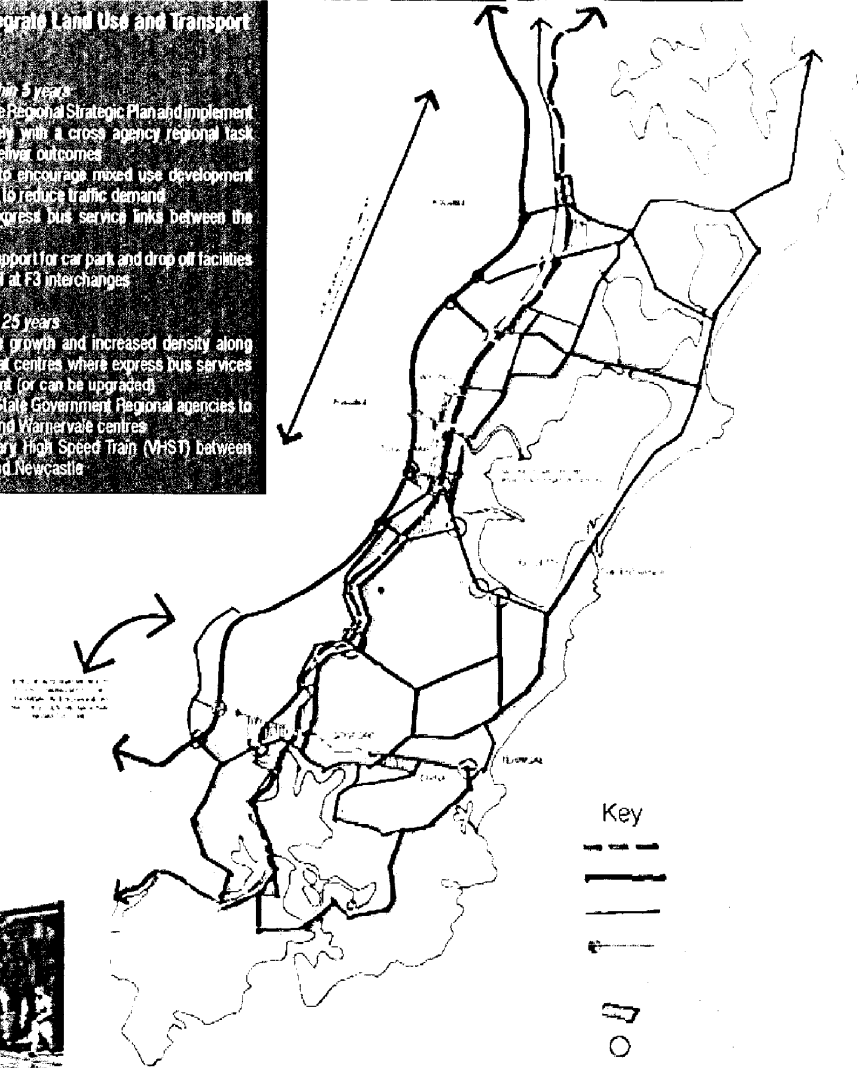

Strategy A: Integrate Land Use and Transport Planning

Immediate and within 5 years

- Publish the Regional Strategic Plan and implement immediately with a cross agency regional task force to deliver outcomes
- Continue to encourage mixed use development in centres to reduce traffic demand
- Provide express bus service links between the centres
- Provide support for car park and drop off facilities to car pool at F3 interchanges

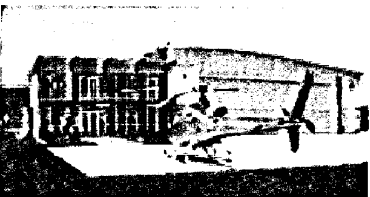

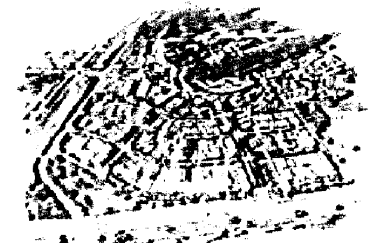

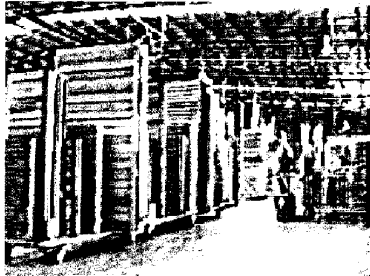

Longer term within 25 years

- Encourage growth and increased density along corridors at centres where express bus services are frequent (or can be upgraded)
- Relocate State Government Regional agencies to Gosford and Warriville centres
- Provide Very High Speed Train (VHST) between Sydney and Newcastle

Improved Regional Access by

Central Coast Regional Organisation of Councils

NSW Central Coast Region

Development will occur in identified precincts (health, education, culture, logistics and light industrial) supported by growing commercial centres.

Increased density of development encourages efficient use of social, economic and physical infrastructure and most importantly, allows a modal switch to more sustainable forms of active transport (walking and bikes) within the village and centre precincts, and to public transport options (bus, rail and ferry) for movement within the region.

The rise of sustainable centres also enables tele-commuting from village/centre hubs to minimise the need for transport out of the region.

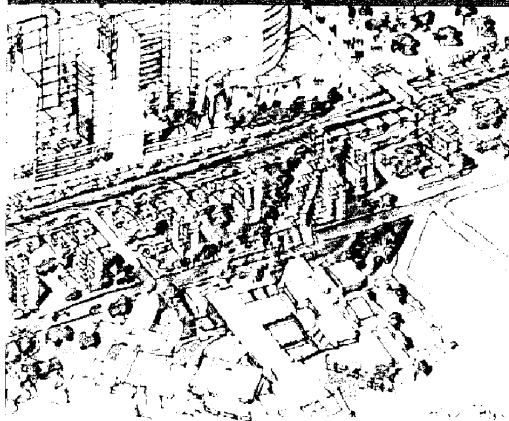

Strategy 8. Foster Economic Growth of Region

Immediate and within 5 years

- Support new initiatives to examine opportunities to encourage economic growth in the Region
- Develop Warnervale Town Centre and the Wyong Employment Zone
- Grow and enhance Gosford Health precinct

Longer term within 25 years

- Provide a self contained University within Region
- Develop Warnervale as the regional airport

Local Economic Development

Central Coast Regional Organisation of Councils

Towards a Sustainable NSW Coast

Strategy C. Reverse the Growth of Car Travel with Improved Public Transport
Immediate and within 5 years

- Have Regional Strategy Implementation Taskforce examine opportunities with the community to enhance public transport in Region e.g. use of minibuses operating on an express bus service, ensure integration with train timetable, ensure more frequent train services to Sydney and Newcastle, review the fare structure, develop funding options to finance shortfall from Government funds
- Introduce transit lanes on all dual arterial roads for buses, taxis and cars with 2 or more persons for peak business hours and extend use to heavy vehicles outside peak periods
- Introduce car parking charges at centres to fund a 'Green Fund' to enhance public transport improvements; develop toll opportunities to enhance this fund.

Longer term within 25 years

- Extend transit lanes on all dual arterial roads from 6.00 a.m. to midnight

Strategy D. Encourage Active Transport
Immediate and within 5 years

- Continue to build walkway and cycleways to link centres e.g. Gosford to Point Clark off road cyclepath to enhance access to the city and the waterfront, along River Road at Wyong under the Railway bridges, linking Howarth Street to the Pacific Highway

Longer term within 25 years

- Extend Coastal Cycleway from The Entrance to the Pacific Highway at Lake Munmorah, to Kincumber, Erina and Gosford.
- Continue to build regional cycleway network and footpaths around waterways linking all major activity centres, e.g. University and Hospital

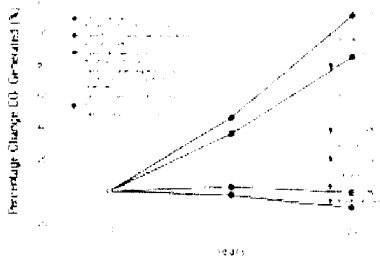

Strategy E. Improve Intra-Regional Connectivity
Immediate and within 5 years

- Review the road classification system to ensure each level of government has appropriate funding responsibility
- Upgrade arterial roads:
 - Ourimbah, Narara, Erina Heights, Tuggerah, Wyong, Woongarral and Warnervale townships
 - Mainik Road from West Gosford to Narara
 - Build link road between Watanobbi and Warnervale west of the railway line
 - All intersections on Central Coast Highway at F3, West Gosford and Long Jetty
 - All Pacific Highway/Railway Crescent and Terrigal Drive/Charles Kay Cove Intersections
 - All intersections on Wyong Rd at Tumbi Rd, Tumbi Creek Rd, Enterprise Dr, Pacific Highway and F3
- Develop express bus services with frequent services (10 minute) to link centres to operate at business day

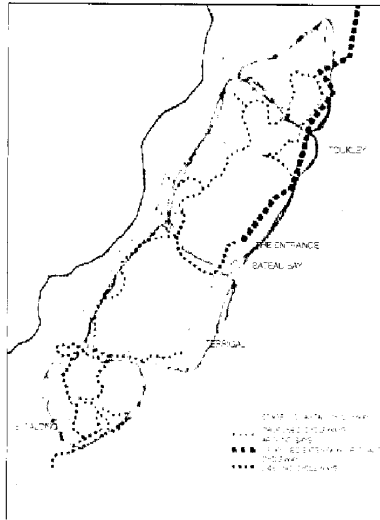

Longer term within 25 years

- Extend express bus services to operate 6.00 a.m. to midnight and to link all centres within Region
- Develop high frequency bus or rail links between key centres Woy Woy, Gosford, Ourimbah, Wyong, Warnervale and Wyee to link economic development areas
- Complete arterial road upgrades
- Upgrade arterial roads in Kincumber and Terrigal
- Complete Woy Woy Road upgrade including tunnel under Railway line at Bulls Hill

CO2 Generated by Private Travel Central Coast

Did you know?
 Bus patronage has declined so much that over the last ten years less than 2% of trips to work were on a bus, while train patronage has declined alarmingly by 15% from 2001 to 2006.

Improved Regional Connectivity

Central Coast Regional Organisation of Councils

Central Coast NSW Central Coast Region

- 3-5 storey mixed use Active Village hub
- Medium density residential/commercial
- Education precinct
- Existing Urban Fabric - low to medium density
- Active & passive open space

Sustainable Communities

Opportunity to build upon existing village building patterns to create active urban centres.

Creation of vibrant and **sustainable centres** which reduce our dependency on cars and makes walking to the focal centre, bus stop or train station as convenient as possible.

Development of Mixed Use developments which encourage living, working and entertainment within an urban centre.

Create safe and secure environments to encourage a **community atmosphere**.

Diversity in housing types to cater for a mix of family types and lifestyle options.

...and a sustainable lifestyle, for today's children and grandchildren

Central Coast Regional Organisation of Councils

Towards a Sustainable NSW Central Coast

Strategy 2: Improve Inter-Regional Connectivity
Immediate and within 5 years

- Investigate new east-west links from F3 to Region at Alison Road, Wyong and Bushells Road, Wyong
- Replace car ferries and provide new bridge over Hawkesbury River linked to existing roads to provide alternate emergency route to the F3 between Region and Sydney

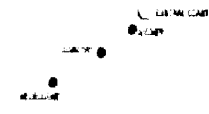

Longer term within 25 years

- Develop very high speed train (VHST) to link Region to Sydney Region network
- Develop new east-west access route to Region from F3 at Somersby to Erina
- Develop alternate road route to F3 between Region and Sydney

Sustainable development has been a driver so that the amenity of the community is preserved for future generations. This means that inter-regional connectivity must be based on transport options which minimise greenhouse gas emissions while delivering fast, efficient service. Such a future can only be delivered in the longer term by high speed passenger rail and separate freight rail, as part of a link in an east coast network facilitating movement of people and goods in the Melbourne, Sydney, Brisbane corridor.

In the shorter term, the need is to maximise the use of existing infrastructure resources, creating alternate routes, by the injections of additional capacity at key nodes; at every point reinforcing the sustainable economic base of the region. The bridge over the Hawkesbury, delivering an alternate F3 route within 2 years is a case in point. This does not divert scarce resources from the longer term strategy but greatly enhances the current return to the community from existing assets.

VHST to link the East Coast

Future connectivity requires solutions integrating landuse, transport, economic, social and cultural outcomes at the local level in communities, at the regional level and at the state and national level. We need to think and act locally, regionally and globally if our grandchildren are to experience the kind of ambience and amenity on the NSW Central Coast that we have been able to enjoy. **The future is now.**
