## STORAGES

Storage	Capacity Full [MI]	Volume in Storage [MI]	Percent Full [%]	Storage Change over last Week
Mangrove Dam	190000	37,195	19.6	Down 16 ML
Mardi Dam	7400	7,249	98.0	Down 89 ML
Mooney Dam	4600	4,600	100.0	Unchanged
<b>Total</b>	<b>202000</b>	<b>49,044</b>	<b>24.3</b>	<b>Down 105 ML</b>

Total stored water volume is the same as a month ago.

This day last year the volume stored as a percentage of total capacity was 10.8% lower.

Hunter Water Corporation supplied 0 ML last week keeping this years supply at 0 ML.

Gosford/Wyong supplied 0 ML to Hunter Water last week keeping this years supply at 0 ML.

Groundwater Bores supplied 3.2 ML last week increasing this years supply to 5.7 ML.

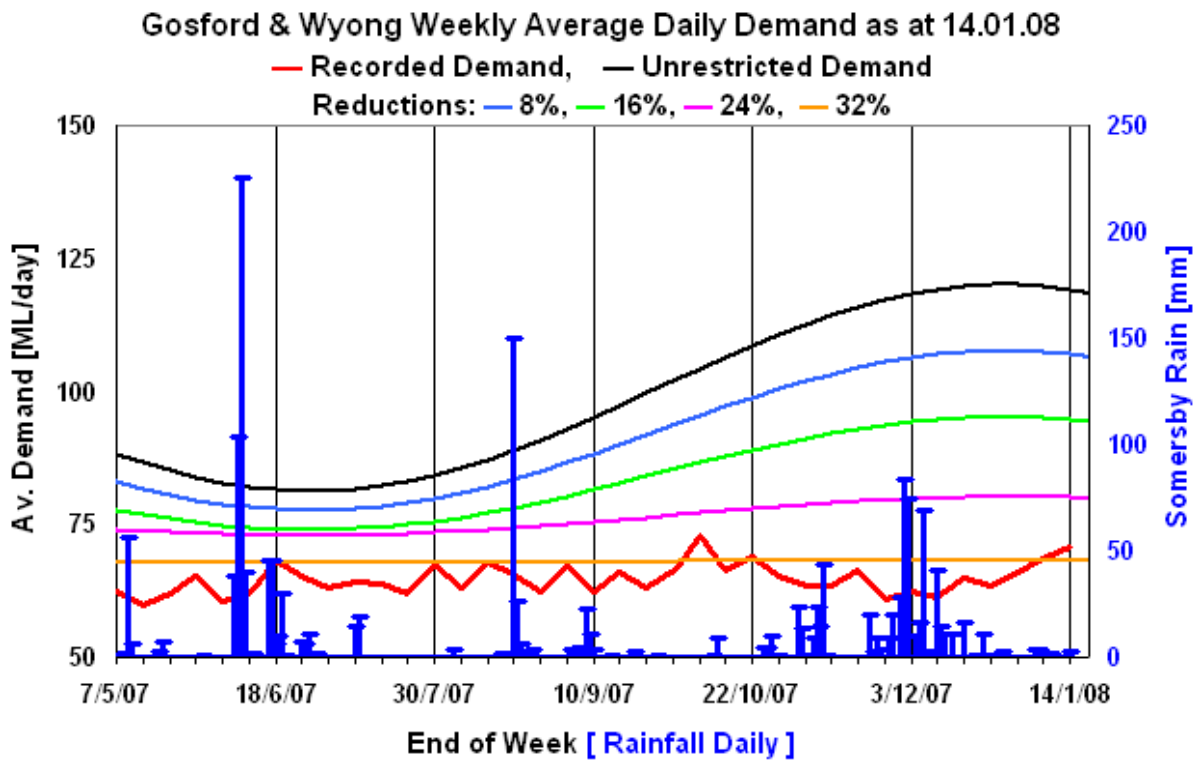

## WATER USAGE & RAINFALL

Period	Water Usage [MI]	Rainfall [mm]		
		Somersby WTP	Mardi WTP	Mangrove Dam
Week to date	495	4	4	12
Previous week	480	8	10	14
Current week last year	499	0	0	3
This year to date	975	12	14	27
Same period last year	981	21	12	7

Week to date consumption was 495 ML, 0.8% less than the same week last year and 3.1% more than the previous week.

Consumption this year to date is 975 ML, 0.6% less than the same period last year.

Level 4 Water Consumption Target for the week ending Monday, 21 January 2008 is 475 ML
