To the Ordinary Council Meeting

Councillor

1.6 Mayoral Minute - Integrated University and Business Park

TRIM REFERENCE: F2006/02251 - D11941379

AUTHOR: Doug Eaton OAM; Councillor

At its Ordinary Meeting held on 27 August 2014 Council unanimously resolved in part:

“963/14 That Council authorise the General Manager to make representations to, and seek interest from, a wide variety of education providers to be part of Councils Education and Business Precinct.”

The Education and Business Precinct concept provides a unique opportunity to develop an integrated education, business, industrial and community proposal for private sector partners which may provide the incentive to attract investment into educational and employment opportunities within the Wyong Local Government Area.

In line with the resolution above, Council is now intending to launch an Expression of Interest process targeting organisations interested in establishing an integrated development that includes the University and Business Park.

All Councillors will be invited to attend the launch event by the Mayor proposed for 3 June 2015.

I formally move:

- 1 That Council receive and note the EOI process to commence with a launch event held at Council Civic Centre on 3 June 2015.***
- 2 That Council endorse a formal Expression of Interest (EOI) process be undertaken in order to attract and inform organisations and investors that may be interested in establishing an Integrated development that includes the University and Business Park.***
