LEGEND

- Existing Hazard Line (2097 Hazard Line)
- Immediate Hazard Line (zSA)
- Immediate Hazard Line (zRFC)
- Lots potentially affected by coastal inundation

NOTES

1. *This map does not include 2050 or 2100 lines as long term recession due to SLR is not expected for this beach.*
2. *It is recommended that hazard line positions be specified from the GIS version of this map (i.e. do not scale hazard line positions off this Figure).*
